ALUMNI ASSOCIATION

OFFICERS FOR 1959-60

President Cyrus O. Caulton '29, 543 New Gulph Road, Bryn Mawr, Pa.
First Vice-President Dr. Paul Bechtel '32, 707 University Place, Wheaton, Ill.
Second Vice-President Mary Stafford Brougher '38, R. D. 4, Box 34A, Johnstown, Pa.
Alumni Secretary Harold B. Brumbaugh '33, Juniata College, Huntingdon, Pa.

ALUMNI REPRESENTATIVES ON JUNIATA BOARD OF TRUSTEES

Edith Hartman Cutrell '27 (1960) 20 Glenwood Lane, Roslyn Heights, N. Y.
Will Judy '11 (1961) 2517 S. Michigan Blvd., Chicago 16, Ill.
Denton B. Emmert '36 (1962) 22222 Long Blvd., Dearborn, Mich.

EXECUTIVE COMMITTEE

Dr. Calvert N. Ellis '23, President of the College, Taylor Highlands, Huntingdon, Pa.
Dr. John N. Stauffer '36, 130 W. Ward St., Springfield, Ohio
Dr. John E. O'Donnell '43 (1960) 863 Market St., Lemoyne, Pa.
James E. Utts '49 (1961) 101 Wordsworth Ave., Altoona, Pa.
Rex Hershberger '50 (1962) Martinsburg, Pa.

GOINGS ON

CURRENT AND WHAT'S AHEAD on the Juniata campus for coming months:

NOVEMBER

- 22 College Choir at First Methodist Church, Huntingdon
- 23 Bishop's Company (JCA (program), 8:15 p. m., Oller Hall
- 24 Thanksgiving Service, 9 p. m., Oller Hall
- 25 Recess for Thanksgiving
- 30 Harriet Fitzgerald, painter-lecturer, 10 a. m., Oller Hall
Civic Concert, Benno and Sylvia Rabinof, 8:30 p. m., Oller Hall

DECEMBER

- 5 Wrestling: Elizabethtown, home, 2:30 p. m.
Basketball: Franklin & Marshall, home
- 6 College-Community Chorus and Orchestra, 8 p. m., Oller Hall
- 12 JCA Christmas Party
- 13 Christmas Pageant, 3:30 p. m., Oller Hall
- 14 Basketball: Geneva, home
- 18 Christmas Service, 11 p. m., Oller Hall
- 19 Recess for Christmas

JANUARY

- 10 All-College Worship, 10:30 a. m., Oller Hall
- 11 Basketball: Susquehanna, home
- 12 Civic Concert, Rod Strong Dance Ensemble, 8:30 p. m., Oller Hall
- 18 Final Exams begin
- 28 Choir Tour (Jan. 28-Feb. 7)

FEBRUARY

- 1 Spring Term opens; Convocation 10 a. m., Oller Hall
- 6 Wrestling, Basketball: Albright, home
- 8 Gifford Dancers, 10 a. m., Oller Hall
- 9 Gettysburg College Choir, 8:15 p. m., Oller Hall
- 10 Basketball: American, home
- 13 Basketball: Wagner, home
- 17 Basketball: Gettysburg, home
- 20 Basketball: Elizabethtown, home
- 25 William Self, organist, 10 a. m., Oller Hall

The Juniata College Bulletin is published quarterly by Juniata College at Huntingdon, Pennsylvania: Winter, Spring, Summer and Fall. Entered February 6, 1904, at Huntingdon, Pa., as second-class matter under Act of Congress of July 16, 1894.

CROSS-CUTTING THE CAMPUS

*Enrollment Hits New High of 778 in College's 84th Year;
Other Items of Interest Noted Around the Campus*

JUNIATA'S 84TH YEAR is under way with a record total of 778 students for the Fall term. This is four above last year's high. Men outnumber women 454 to 324 among the 667 resident, 76 non-resident and 35 special and unclassified students registered.

Admissions Director Kenneth G. Wenger '50 reported 133 men and 87 women in the new Class of 1963. Fourteen were admitted with advanced standing, five as unclassified and 10 continued from this summer. New students were selected from 704 applicants. Of the 220, there were 129 in the top-fifth of their secondary school class and 60 in the second fifth.

Curriculum Proposal

A TEAM OF FOUR members of the faculty, who attended the Danforth Campus Community Workshop last

summer, has proposed a "restructuring" of the general curricular requirements. Principal features are:

1—A context of basic courses, one year-long required course in the freshman year and another in the senior year.

2—A strategy of distribution, requiring four semester courses in each division outside the division of concentration, two at the lower level and two at the upper level. In the science division, a year and a half of course work would satisfy.

3—A concept of concentration implying a minimum of work (eight semester courses) in one department complemented by a minimum of collateral courses (six semester courses) intended to round out a unified basis for the comprehensive examination.

A condensation of the report from

the committee has been prepared in an article by Dean Morley Mays '32 for this issue of the *Alumni Bulletin*.

College-Community Concert

A JOINT PERFORMANCE of the College-Community Chorus and the symphony orchestra is scheduled in Oller Hall for Sunday, Dec. 6. The chorus, under the direction of Prof. William B. Merrel, is rehearsing to sing the "Magnificat in C" by Johann Pachelbel. Prof. Merrel has the cooperation of the Huntingdon Music Club in sponsoring the chorus.

Glenn P. Holsinger '47, Huntingdon, a tenor, and C. Greer Bailey '41, Irwin, a bass, have accepted invitations to appear as soloists with the chorus.

The symphony, composed of townspeople and students, is again under the direction of Prof. Robert Currier.

Remember when you were a freshman?

Good Small College

JUNIATA AGAIN IS INCLUDED in the annual listing of "representative small colleges"—a group of about 100 of the top independent colleges in the nation. The 11th annual listing is reported in the 1959 *Small College Annual* edited by James W. Hampton, Maryville, Tenn. This marks the 11th successive year in which Juniata has been on the Hampton list.

Fifteen Pennsylvania colleges are among the 25 listed from the East. In addition to Juniata, they are: Alle-

gheny, Beaver, Dickinson, Geneva, Gettysburg, Grove City, Lebanon Valley, Lincoln, Marywood, Muhlenberg, Susquehanna, Thiel, Washington and Jefferson, and Wilson.

New Looks on Campus

REMODELING OF THE INTERIOR of Women's Gym, including a new pressed-fiber ceiling, will provide a neater appearance for social events, better acoustics, even-heating. The new ceiling conceals the "ancient" and impractical upper structure of the building. Additional improvements to the building, constructed in 1901, also are planned.

The exterior trim of Founders, Brumbaugh, Oneida, Students, Women's Gym and Memorial Gym also had a new coat of paint to "freshen-up" the campus. Most of the doors on campus buildings have a neat-appearing shade of green.

An addition to the maintenance building has been completed to house a gigantic 38-ton, 401 horsepower boiler to double the capacity of the heating plant at a total cost of "about \$90,000."

In other improvements: new flagstone steps have been constructed at

Mountain Day means a bus trip off the campus.

the Tower entrance to Founders as part of the Juniata Women's League effort to beautify this area; and over in Science Hall there are two new labs for the department of physics.

Fellowship Rally

ONE OF THE MAJOR EVENTS on the Fall calendar was the fourth fellowship of men, women and youth of the Middle Pennsylvania District, Church of the

Brethren, held Saturday, Oct. 3, on the campus. Nearly 500 attended the dinner in Oneida Hall to hear Dr. Paul M. Robinson '35, president of Bethany Biblical Seminary, who spoke on the need for college-trained persons for leadership in the churches of tomorrow. Rex Hershberger '50, Martinsburg, president of Men's Work, was toastmaster.

Opera Players

THE COLLEGE PRESENTED the Turnau Opera Players, a professional company now on tour, as the entertainment feature of Homecoming evening, Saturday, Oct. 17. The Players performed in Mozart's opera, "Abduction from the Seraglio," a highly amusing and entertaining show.

No admission was charged for the performance in Oller Hall since the company has been organized as a "pilot attempt" to take professional opera into smaller American communities with low operating costs.

Institute Gives Equipment

THE MELLON INSTITUTE of Pittsburgh has donated equipment for instructional purposes in the physics department at the College. Included are pumps, an RF generator and an audio-generator. The equipment, in a "used but useable" condition, was arranged for by Dr. William C. Hunt '44, head of scientific relations at Mellon Institute.

Miss Homecoming . . . Judy Garman '60

The College Choir is ready for one of its most busy seasons under the direction of Prof. Donald S. Johnson (seated). First row: Kathleen Kimmel '62, Shelocta; Alice Adams '60, organist, Hagerstown, Md.; Constance Wilt '63, Hollidaysburg; Delores Briggs '60, Dry Run; Virginia Kalp '63, Mount Pleasant; Pauline Nagao '62, Seabrook, N. J. Second row: Carol Coughenour '63, Uniontown; Susan Shaull '63, Mechanicsburg; Sharlet Snyder '61, Bedford; Jane Brumbaugh '60, Williamsburg; Jeanne Mock '62, Roaring Spring; Sara Yost '63, Johnstown; Elizabeth Lichliter '61, Salisbury; Carole Miller '60, Stoystown. Third row: Carolyn Adams '63, Hagerstown, Md.; Lois Hershberger '60, Rochester, N. Y.; Carole Schenck '60, Highstown, N. J.; Jolene Williams '60, Saxton;

Marcia Quarry '62, Martinsburg; Janet Meadows '63, Hollidaysburg; Margaret Chidester '60, Connellsville; Joy Papoutsis '63, Waynesboro. Fourth row: James Swarr '60, Lititz; Wayne Beeghly '63, Somerset; Philip Brown '60, Elderton; John Mullen '62, Huntingdon; Robert Doyle '60, Johnstown; John Ibberson '62, Philipsburg; Robert Martin '62, York. Fifth row: Larry Ross '63, Friedens; Jack Rodland '61, organist, Altoona; LeRoy Forney '60, Martinsburg; Robert Halbritter '63, Altoona; Jesse Bacon '62, Salem, N. J.; William Glenn '60, Tyrone; John Fischer '62, Wallingford; Richard Quinn '60, Brigantine, N. J.; William Heindel '63, York; Harry Knisely '63, Everett. Not pictured: Richard Gaskell, Ellwood City.

Busy Season for Choir

THE CURRENT SEASON will be one of the most active on record for the Juniata College choir.

Forty-eight appearances are being planned for the 40-member mixed voice group opening with a concert in Huntingdon Sunday, Nov. 22, at the First Methodist Church.

Under the direction of Prof. Donald S. Johnson, the choir has been rehearsing since mid-September in preparation for its concert for the Pennsylvania Music Educators Association in Harrisburg Thursday, Dec. 3.

An 11-day tour in late January and early February — the feature of the

28th season—will take the choir into New England for the first time with concerts in Connecticut and Massachusetts.

The tour opens January 28 at Lewis-town Senior High School and continues at churches and schools in Ephrata, Berwyn, Pottstown, Drexel Hill and Philadelphia. The choir then goes out of state to Atlantic City, N. J., Manchester, Conn., Marlborough, Mass., Newton, Mass., Bridgewater, Mass. and Orange, N. J.

On the return trip, the group will sing in York, Gettysburg and Harrisburg. Various other weekend trips have been planned.

Another highlight of the season will be a joint concert with the Elizabethtown College choir in Elizabethtown April 30.

The choir has scheduled several appearances in Oller Hall during the year with the first on Friday, Dec. 18, prior to the Christmas recess.

Richard H. Quinn '60, Brigantine, N. J., president of Student Senate, is also president of the choir. The manager is John S. Mullen '62, Huntingdon. Other officers are: Delores J. Briggs '60, Dry Run, assistant manager; Carole J. Schenck '60, Hightstown, N. J., secretary; Robert A. Doyle '60, Johnstown, treasurer.

THE FACULTY BRIEFCASE

Eight New Faces on Faculty

EIGHT NEW MEMBERS of the faculty and staff are now becoming familiar faces around the campus.

Among the group is the new dean of women, Miss R. Christine Yohe, former assistant dean of women at The Pennsylvania State University.

Miss Yohe, Chevy Chase, Md., succeeds Miss Barbara Bechtell who resigned to take the position of dean of women at Alfred University, Alfred, N. Y. A graduate of Penn State in

Dean Christine Yohe

1944, Miss Yohe returned to the University in 1957 as an assistant in charge of freshman women and orientation. She was dean of women at Wagner College, Staten Island, N. Y., in 1956-57.

Before entering dean's work, Miss Yohe had 11 years of experience in personnel administration. She holds a master's degree (major in industrial relations) from the Wharton School, University of Pennsylvania (1948).

Miss Yohe was graduated with a B.A. (with honors) in political science and accepted a position as junior professional assistant in the office of personnel relations and safety of the

U. S. Department of Agriculture, Washington, D. C., in 1944.

She became a communications officer in the U. S. Navy in Washington in October, 1944, and served two years. She holds the rank of lieutenant in the Naval Reserve.

Beginning in 1948 and for eight years, Miss Yohe pursued her work in industrial relations. She was floor service supervisor on the executive training squad for Macy's in New York (1948-50); assistant personnel manager for the Reuben H. Donnelley Corp., New York City (1950-55); personnel administrator for women with the New York Trust Co., New York City (1955-56).

Born in Johnstown, Pa., Miss Yohe completed her high school education at Bethesda-Chevy Chase High School, Bethesda, Md. She is a daughter of Mr. and Mrs. H. Stanford Yohe, (4302 Rosemary St.) Chevy Chase, Md.

New in Psychology

A FORMER RESEARCH ASSOCIATE in psychology at the University of Pittsburgh, Dr. Edward J. Polder, is serving as assistant professor of psychology. He is a graduate of Marietta College, Ohio, with a bachelor of arts degree in 1952, and has completed graduate study at the Ohio State University.

Dr. Polder was a Fulbright Scholar during the year 1954-55 at the Universities of Graz and Vienna in Austria. In addition to taking course work, he participated in various activities with the U. S. Information Service. Prior to his study in Europe, Prof. Polder was a research assistant in the Ohio State Bureau of Educational Research. He later taught

Polder

Cable

Hoitenga

Miss Jones

courses in psychology at the Ohio State University for two years (1955-57) and assisted in supervision of counselor trainees.

Mathematics Instructor

CHARLES A. CABLE of Akeley, Pa., former graduate student with a National Science Foundation scholarship at the University of North Carolina, was appointed instructor in mathematics.

Mr. Cable attended public schools in Russell, Pa., and was graduated from Warren High School. He received his bachelor of science degree from State Teachers College, Edinboro, Pa., in 1954. Before entering the Army, Mr. Cable taught at Interlaken, N. Y.

He took a teaching position in the Tidioute, Pa., Joint School District in 1957 before undertaking his graduate study at the University of North Carolina. He completed his master of education degree in July. Last summer, Mr. Cable held a General Electric Fellowship for study in mathematics at Rensselaer Polytechnic Institute.

Addition in Philosophy

ANOTHER ADDITION to the faculty was Dr. Dewey James Hoitenga, Jr., Grand Rapids, Mich., who is instructor in philosophy. He is teaching the

course in Ethics and relieves Dean Mays of some of his instructional duties in philosophy. In addition, he will teach Biblical History sections in the Spring term.

During the past year, Mr. Hoitenga has been an instructor in English composition and Public Speaking at Worcester Junior College, Worcester, Mass., in a temporary position. Dr. Hoitenga was graduated from Calvin College, Grand Rapids, Mich., in 1952 and from Calvin Seminary in 1955. He is a minister of the Christian Reformed Church and has completed special study in the philosophy of religion.

Dr. Hoitenga received a master of arts degree from Harvard University in 1957 and a doctor of philosophy at Harvard this year. He held two resident fellowships.

Spencer

Post

Wertz

Miss Jones in Home Ec

ANN ELIZABETH JONES of Winchester, Va., has been appointed instructor in home economics to teach courses in foods and nutrition. A graduate of Radford College, Miss Jones completed her master of science degree this year at Virginia Polytechnic Institute. She was assistant dietitian at Winchester Memorial Hospital from 1954 to 1957. Miss Jones also worked on VPI's Experimental Station Project as a dietitian studying "Protein Metabolism of Preadolescent Girls."

Born in Winchester, Miss Jones is a daughter of Mr. and Mrs. George W. Jones, 503 Fairmont Ave., Winchester, Va. She was graduated from Handley High School and received a bachelor of arts degree from Radford College in 1952.

New in Speech

A GRADUATE ASSISTANT in dramatics and speech at Northwestern University, Bruce F. Spencer, was appointed

instructor in English. Mr. Spencer of Hubbard Woods, Ill., instructs classes in speech and serves as director of dramatics. He replaces David H. Weston, Jr., who resigned to take further study at Pasadena Playhouse in California.

The new instructor was a teacher in Elkton, Md., and Pylesville, Md., high schools prior to returning for graduate study at Northwestern in 1958. Mr. Spencer was born in Evanston, Ill., and attended Highland Park High School. He was graduated from Lake Forest College in 1953 after transferring from the University of Michigan two years earlier. He served in the U. S. Army 1954-55.

Faculty Completed

THE FACULTY WAS COMPLETED for the opening of the Fall term Sept. 17

June, is helping Kenneth G. Wenger '50, director of admissions, in the college's rapidly expanding program of contacting and interviewing prospective students. A major share of his time in this "experimental" position is spent in the testing program among high school juniors in a three-state area.

Notes on Faculty

TWO MEMBERS OF THE FACULTY, Dr. Eva Hartzler '32, professor of chemistry, and George T. Dolnikowski '52, assistant professor of modern languages, have returned to the campus after one year leaves of absence . . . Miss Esther M. Doyle, associate professor of English, is on leave of absence to study at Northwestern . . . Dr. and Mrs. George B. Clemens are in Europe this Fall.

Dr. T. F. Henry '26, chairman of the division of social studies and professor of sociology, has been elected moderator of the Middle District of Pennsylvania, Church of the Brethren, for 1959-60 . . . Paul M. Heberling, dean of men, is teaching a night class in advanced correctional training in Lewistown . . . Mrs. Marjory L. Joseph, associate professor of home economics, is chairman of the unit on colleges and universities on the executive council of the Pennsylvania Home Economics Association.

Seeking Funds

PRESIDENT ELLIS was among presidents of 37 Pennsylvania colleges and universities which met in Philadelphia in November with the Foundation for Independent Colleges.

Plans were formulated to seek a minimum of \$1,000,000 from Pennsylvania industry this year in support of higher education. Last year, the Foundation raised \$500,000 of which Juniata's share was \$9,240.

Both President Ellis and Harold B. Brumbaugh, assistant to the president, have participated with teams to solicit contributions in support of member colleges.

with the appointment of Ernest H. Post, Jr., Holland, Mich., as instructor in history and assistant in physical education.

Mr. Post, a graduate of Hope College and with a master's degree from Michigan State University assists Kenneth B. Bunn, head coach of football. He succeeds Charles A. Gcdlasky who resigned to accept the head football job at Slippery Rock State Teachers College.

A former high school teacher and coach in Michigan schools, Mr. Post teaches three sections of the course in Nature of Society during the Fall term in addition to his football duties. His major field is history.

Admissions Aide Named

THE APPOINTMENT of Ronald W. Wertz '59, York, Pa., formerly of Lewistown, as assistant director of admissions at Juniata College was effective Sept. 1.

Wertz, a graduate of Juniata in

THE TEACHERS ARE WRITING, TOO

THERE ARE NEW STORIES and new novels for young readers coming off the typewriter of Juniata College's assistant professor of education and freelance writer, Fred D. Berkebile.

Two of the professor's stories are included in *Young Readers' Nature Stories*, an anthology published by

Prof. Fred D. Berkebile

Lantern Press, New York. They are: "The Mark of a Gentlemen," and "Measure for Measure."

Forthcoming issues of *Children's Activities*, a magazine for the 3 to 12-year olds, will carry stories with the Berkebile by-line; namely, "Promises Are to Keep," and "Lala's Talking Donkey."

And a new novel, *Moroccan Adventure*, will be published by Lantern Press during this winter.

All of this points up that a professor's work is not all done in the classroom.

250 Short Stories

As a writer, Mr. Berkebile has had stories published in educational books and popular magazines. He has written for Scott Foresman's Supplementary Readers; Henry Holt's "Let's Read" series; and short stories for

Woman's Day, *Sport Life* and *Children's Activities*. He has had more than 250 short stories published.

A novel, *The Magic City*, written by Professor Berkebile, was published in 1954. He has had several historical stories on Indians published.

For a number of years, Mr. Berkebile was a newspaper columnist for the *Johnstown Tribune*.

He joined the faculty of Juniata in 1956 after serving as area supervisor for the school facilities and school building program with the Department of Public Instruction in Harrisburg since 1952.

Experienced in Education

An Army major in military intelligence, Mr. Berkebile has had extensive experience in education as well as free-lance writing. During World War II, when he spent 42 months overseas, he was assistant to the dean of the University Training Command in Florence, Italy, and also served as chairman of the education department at the army university.

After the war, Prof. Berkebile taught at Indiana State Teachers College.

He is a graduate of the University of Pittsburgh with bachelor of science and master in letters degrees. From 1919 to 1935, he was a high school instructor in social science, history and English. He has served as a

Memorial Books

THE CLASS OF '34 is placing the following books in the College library as a memorial to the deceased members of its class:

If the Church Wants World Peace (N. L. Hill); *Paths to Peace* (Wallace); *Theology of Culture* (Paul Tillich); *Complete Field Guide to American Wildlife* (H. H. Collins); *World Survey of Education* Vol. 2, (Primary education), published by UNESCO Publications Center.

teacher in elementary schools, a principal and a supervising principal.

In 1941-42, Mr. Berkebile served as state director of Adult Education and Recreation program. Prior to that (1935-40), he was a district and area supervisor of education and recreation in Western Pennsylvania.

Describes

Cassel

Collection

Durnbaugh

THE "CURIOUS LIFE of Abraham Harley Cassel—called the 'great antiquarian'—and his unusual collection" has been described in an article by Donald F. Durnbaugh, instructor in history at the College.

The enlightening story has been published in the October issue of *Pennsylvania History*, the quarterly journal of the Pennsylvania Historical Association.

The Cassel collection, consisting of 11,000 volumes and 4,000 pamphlets, was presented to the Juniata College library in 1899 by the late Dr. Martin G. Brumbaugh, former governor of Pennsylvania and a past president of the college.

Mr. Durnbaugh, who has done extensive research on the collection, points out that "in addition to the excellent Bible collection in many languages, the Cassel collection is especially strong in religious writings, reflecting the piety of the early Pennsylvania German settlers, as well as that of the collector."

The first American religious magazine, early newspapers, and a great many early almanacs are on hand "for the journalistically and historically minded."

Most of the existing manuscripts, letters and diaries relating to the Church of the Brethren are on file in the Cassel collection.

THE JUNIATA SPORTS PARADE

*Indians Balance Football Record;
Cross-Country Has Fine Season*

MANY OF THE OLD GRADS agreed that "life begins at 40" for Juniata football after watching the eager, young Indians balance the record on the football history book with a 34-8 victory over Lycoming on Homecoming Day, Oct. 17.

Never in 40 years since Juniata began intercollegiate competition on the gridiron have the Indians been able to match defeats with victories. After winning a struggle to start a team and borrowing money to buy equipment, those pioneers of Juniata lost their opening game in 1920 to Bellefonte Academy.

Not until 1959, 40 years later, were they able to see the won-lost record even at 127 victories, 127 defeats and 13 ties.

In achieving this victory over Lycoming, the 1959 Indians also protected their string of 24 games without defeat and 30 straight triumphs on College Field. Plus that the Tribe defeated one of its most determined rivals in the chase for the championship of the Middle Atlantic Conference (college division).

As the season got under way, the Indians were rated one of the small college powers of the East and were publicized in *Sports Illustrated* with a photo of the Berrier twins. But Juniata had to go all-out to edge Westminster in the opener 7-6 as the West Penn Conference champs put up a rugged battle. It was the Titans who marred Juniata's perfect record last year with that 21-21 thriller.

With Co-captains Bill Berrier and Bob Solomon demonstrating fine leadership and team play, the Tribe of Coach Ken Bunn whipped Alfred 42-0 and then, sparked by a freshman quarterback (Ron Poruban of Portage) who replaced the injured senior Bob Schwalenberg, went over to

Bethlehem to bump always tough Moravian 28-0.

Curiously enough, an unsung sophomore reserve halfback from Huntingdon, Flyin' Phil Rohm (145 pounds) was setting the scoring pace at mid-season but Bill Berrier was close.

Jim Berrier had recovered from his pre-season operation in time to be in the starting backfield with Twin Brother Bill—leading candidate for Little All America. Poruban temporarily replaced Schwaly at quarterback and Harry Long, junior from Berwick, was the starting left half.

Along a tough forward wall which ranked among the tops in the nation defensively were four seniors including Solomon. Harold (Moose) Krause, who played a brilliant game at Moravian, was at end; Al Dungan, one of the leading punters in the con-

Dramatic football action shot catches Harold (Moose) Krause in mid-air with only touchdown in 7-6 victory over Westminster.

ference, at tackle; and Frank Rocco (Mr. Center) held the pivot position.

Half a dozen guards were seeing plenty of action, but Roy Martin and Orlando (Fats) Falcione were starting most of the games. John Pessy, reserve center, was shifted to guard and was in most of the games along with Bob Melago, Emery DiDonato and John Evasovich. A junior transfer, Dave Helsel, from Hollidaysburg, won the other end position from Jim Seacrist.

Harriers Keep Winning

THIS PRACTICE OF ROLLING UP undefeated records is spreading at Juniata College.

Not only was the football team boasting a string of games without loss, but the unheralded hill-and-dalers of the cross-country team won 15 straight through mid-season.

Both the 1957 and 1958 teams were undefeated and the 1959 squad won four successive triumphs for Mike Snider, one of the veteran coaches of the Middle Atlantic Conference.

Paced by Don Layman, junior from Somerset, and four other lettermen, the Indian runners whipped Delaware and Franklin and Marshall in a three-way meet, then defeated highly rated Dickinson, Moravian and Gettysburg in dual competition.

Pushing Layman this season have been the senior trackman, Frank

THE INDIANS OF 1959 — FIRST ROW: Coach Ken Bunn, Orlando Falcione, Coraopolis; Roy Martin, North Braddock; Frank Rocco, Ellwood City; John Pessy, Coraopolis; Bill Berrier, Harrisburg (co-captain); Bob Solomon, Wilkes-Barre (co-captain); Harold Krause, McKees Rocks; Jim Berrier, Harrisburg; Albert Dungan, Southampton; Bob Schwalenberg, West Fairview; John Evasovich, Aliquippa; Assistant Coach Ernie Post. **SECOND ROW:** Bob Melago, Bovard; Allen Snyder, Fairless Hills; Pete Emrick, Harrisburg; Dave Helsel, Hollidaysburg; Dick Ott, Patton; Harry Long, Berwick; Stan Walasik, Carnegie; Jim Seacrist, Greensburg; Gerald Zack, Windber; Earl Bumbaugh, Waynesboro; Ed Sobieray, Carnegie; Dick Johnson, Ardmore. **THIRD ROW:** Emery DiDonato, Baden; Mike Kolitsky, Ellwood City; George Patrick, Windber; Phil Rohm, Huntingdon; Steve Barnett, Somerset; Jim Tufano, E. Meadow, N. Y.; Al Zalnasky, Tyre; Bob Kuczinski, Carnegie; Ken Bechtel, Roaring Spring; Ray Erney, Harrisburg; John Kosslow, Pittsburgh. **FOURTH ROW:** Jim Tavalsky, Windber; Sam Stewart, Atlantic Beach, Fla.; Tom Saporito, Pittsburgh; Ron Poruban, Portage; Bill Morgan, Enola; Tony Faber, Aliquippa; Dave Oliver, McKees Rocks; Harold Royer, Elizabethtown; Jack Beamer, Harrisburg; Larry Corl, Trafford; Gawen Stoker, Lloydell. **FIFTH ROW:** Bill Miller, Carnegie, manager; Jim Chesney, Berwick; Bill Murdock, Carnegie; Joseph Congersky, Windber; Larry Skinner, Kittanning; Joe Houck, Alexandria; Vince Valicenti, McKees Rocks; John Gibbel, Lititz, manager; Ron Tarquinio, McKees Rocks, manager.

Hrach, Pittsburgh, and a surprise-package freshman, Bob Berthold, Paterson, N. J. A sophomore letter-winner, Charley Mack of New Florence, Pa., also has been among the top five along with Galen Heckman, junior from Smithsburg, Md., and Ned Smith, sophomore from Willow Grove, Pa.

Two previously untested upper-classmen have been giving balance to the squad. They are Milt Chew, Swedesboro, N. J., senior, and Dave Samuel, Johnstown, sophomore.

Spot Shorts in Sports

ERNIE POST, new assistant football coach, is an advocate of the multiple offense employed by Coach Ken Bunn. He was a varsity back at Hope College, Holland, Mich., attended the University of Michigan and was a

graduate assistant at Michigan State, hot-bed of the multiple offense. Ernie has been teacher-coach at Holland, Mich., High since 1955.

... Barreling Bill Berrier set a new career rushing record for the Indians in the opening game. His 84 yards boosted his total to 1,602 to surpass Mike Dzvonar's mark of 1,562 in 1947-48-49.

... Five states are represented on Mike Snider's 18-man cross-country squad: Pennsylvania 11, New Jersey 3, Maryland 2, Ohio 1, New Hampshire 1.

... Bill Smaltz, former head grid coach of the Tribe, won the golf championship among Atlantic Coast Conference football coaches this year. Bill, now freshman coach at North Carolina State, dethroned Ace Parker of Duke.

Restructuring of Curriculum Proposed

*Team of Four From Faculty Suggests Changes
After Attending Danforth Workshop in Colorado*

By DEAN MORLEY MAYS '32

FOR THREE WEEKS LAST SUMMER, beginning on June 22, four representatives each of twenty-eight colleges were the guests of the Danforth Foundation at the third Danforth Campus Community Workshop held at Colorado College, Colorado Springs. Each delegation consisted of the academic dean and three members of the faculty, and each represented a college having an enrollment of not more than 2,000, the majority being church-related. It was the intention of the Foundation that through the Workshop the teams would "discover ways and means of raising the level of excellence in their separate campus programs."

That Juniata should have been invited to participate in the Workshop was in itself gratifying. It was equally gratifying for the members of the Juniata delegation to have been associated, under the Workshop auspices, with the representatives of the twenty-seven other colleges, some of which bear a national reputation and the esteem of the entire academic community.

The Workshop operated within a minimum of formal organization. There were seminars over a wide range of professional subjects, meeting twice or three times a week under the leadership of a competent educator. Each member of the Workshop attended two of the seminars, choosing according to personal interest or professional relevance. There were in addition three formal lectures in the course of the three weeks. Aside from these features, however, there was no other formally structured program.

The main thrust of each team's participation was charted by the stated problem, or problems, which it

brought with it to the Workshop. Well in advance each team was requested to state the institutional problem to which it would address its thinking and inquiry at the Workshop. During the three weeks each team was encouraged to devote its time to a thorough consideration of its problem and especially to confer from time to time with the consultants on hand for guidance and the criticism of proposals coming into being. In a word, the Workshop was intended to be, as the name suggests, an arena for sustained reflection on particular professional problems, as well as a responsible context for the exchange and overturning of ideas in relation to these problems.

Within this framework of purpose and personnel the Juniata team seized its opportunity in good faith. The resulting proposals fall into two main parts: (1) those addressed to curriculum reconstruction, and (2) those suggesting expanded provisions for the superior student under the general designation of an Advanced Achievement Program.

CURRICULAR PROPOSALS

By previous agreement with the special Curriculum Committee appointed two years ago to examine the present educational program of Juniata College, the team chose to press forward with the interests of that Committee. It hoped that with fresh reserves of information and insight further progress toward the objectives of the Committee might result.

The team has proposed a restructuring of the general curricular requirements, of which the principal features would be these:

A. A context of basic courses, one

year-long required course in the freshman year and another in the senior year, the foundation and capstone of every student's college program.

- B. A strategy of distribution, requiring four semester courses in each division outside the division of concentration, two at the lower level and two at the upper level. In the science division a year and a half of course work would satisfy the requirement.
- C. A concept of concentration implying a minimum of work (eight semester courses) in one department complemented by a minimum of collateral courses (six semester courses) intended to round out a unified basis for the comprehensive examination.

Basic Courses

The freshman basic courses would be a study of man's cultural achievements in the western world. It would follow an historical sequence but focus attention in depth on cultural developments in the significant epochs of western culture. It would encourage first hand acquaintance with representative expressions of the thought and life of each epoch as reflected in the arts, the sciences, and philosophy.

In one dimension of the senior basic course, to be known as Integration of Knowledge and Conduct, the course would open outward to the widest possible context for a meaningful integration of the several fields of knowledge which the student has previously studied. The second dimension of the course would bring into consideration the various ethical systems which have guided man in matters of decision and action.

Distribution Requirements

The distribution requirements would tend to insure that the purposes of liberal education in breadth and comprehensiveness would be achieved for every student. In the areas of the humanities and the social studies there would be a requirement of one lower level, or introductory, course in each of two departments, and two upper level, or advanced, courses, which could both be in the same department as one of the lower level courses or divided between the two departments represented in the

concentration would be conceived of in two parts:

1. The course offerings of a particular department.
2. Those collateral sources from other departments which would be considered by the major department to be essential to this specialized field of study.

The guidance given the student in his concentration would be seen as the function of each department. However, in order that adequate and competent specialization be achieved, certain minimum requirements would

tion. (The program of writing leading to Competence in English would be incorporated in the distribution courses at the lower level along with the freshman basic course.)

2. Study of Bible and religion, but increasing the requirements to two courses. The first course would continue to be Biblical History; the other would be one chosen from a variety of Biblical courses.
3. A comprehensive examination geared to the total area of concentration.

The Danforth "curriculum study" team: Mr. Cherry, Dean Mays, Miss Schlegel and Dr. Comerford. They attended the Danforth Campus Community Workshop at Colorado Springs.

lower level selections. In the natural sciences the fields would be organized into two combinations: 1. Biology and Geology; and 2. Chemistry and Physics. One course would be required in each combination, one to be a year long course, the other of a semester's duration.

Concentration Requirements

In concentrating each student would be expected to pursue a specialized field of study in terms of his interests and talents and his ultimate vocational objectives. This field of

be stated. Each student would be required to take not fewer than eight semester courses in any one department and not fewer than six semester courses in collateral courses acceptable to the department. The total area of concentration would consist of not more than twenty semester courses. Collateral courses outside the division of concentration would not satisfy distribution requirements.

Existing Requirements

1. Competence in English, foreign language, and physical educa-

THE ADVANCED ACHIEVEMENT PROGRAM

Under the impact of the Workshop mood the team came to a new appreciation of the wisdom of making special provisions for the superior student. Much of the recent criticism of education has emphasized a principle which has long been approved in the abstract but which not all have had the courage to enact in their programs: the academic lockstep needs to be broken for those who will profit from the opportunity to proceed further, both quantitatively and qualitatively, than their fellow students.

Accordingly the team has proposed an Advanced Achievement Program with the foregoing end in view. It falls into two parts, one part with three specific provisions pertaining to the transition from the secondary school to college, and the other, also with three specific provisions, pertaining to college progress once one has matriculated.

- A. Advanced Achievement Opportunities in the transition from the secondary school to college:

1. Early Credit Opportunity

This provision would actually be a formalization of a procedure which has been in effect informally and occasionally at Juniata for some time. There are several instances of high school seniors who during the summer term have taken courses in foreign language and received credit for the successful completion of their work.

The present proposal would place this practice on a recognized basis and would encourage able high school students to avail themselves of the opportunity to do college work during their senior year in high school. This purpose could be accomplished either in the summer or in the regular terms in such courses as they would be prepared for in terms of ability and background.

2. *Advanced Placement Program*

This provision would indicate a willingness to consider the results of the Advanced Placement Program of the College Entrance Examination Board from those high schools which offer college level work by arrangement with the College Board. The plan begins as high schools choose to offer college level courses to selected seniors in harmony with provisions of the Advanced Placement Program. At the end of the year examinations are administered, and both the examinations and the grade are transmitted to the college to which the student expects to go. The college, operating through the appropriate departments, decides in each case whether the student's performance entitles him to credit, or placement, or both.

3. *Matriculation Placement*

For a number of years Juniata College has been administering placement examinations during Freshman Days to students who have certain academic objectives in view. This has been notably true in foreign language and mathematics. Because of special abilities and opportunities, some of these students have, for instance, been able to omit the usual freshman course in mathematics and proceed at once to the second college year mathematics course.

Under Matriculation Place-

ment the College would allow eight hours of credit for students who qualify immediately for sophomore mathematics immediately. In foreign language a student would be eligible for six hours of credit for performance in the language which placed him beyond the second college year level of the language. In both instances credit would be allowable only if the student proceeded to the next stage of mathematics or foreign language.

B. *Advanced Achievement Opportunities During College:*

1. *Senior Independent Honors Course*

The team believes that further values to the student may be derived from an enhancement of the Honors Course beyond its present mode of operation. In particular it proposes that the student acquire the habit of distributing his work over the semester so as to avoid the perils of undue crowding at the end of the semester. Certain additional administrative provisions would make the Honors Course an increasingly effective instrument for independent study.

2. *Extended Course Honors*

This proposal is an innovation in American undergraduate education, so far as available information goes. The plan would be to elasticize the credit for a selected number of assorted courses, in which the abler student may enroll as for any other course, but in which he would proceed further than other students in both the quantity and quality of performance. This proposal has several advantages over the usual type of honors course. It keeps the abler student in close contact with other students, who may profit from a continuing relationship with the abler student. At the same time it enables

the abler student to proceed appreciably farther in his mastery of the subject matter of the course. Furthermore it spares the curriculum and the professor from the burden of structuring a completely new course, one or more, which simply adds to the overburdened program already in existence.

3. *Senior Seminar*

Each department would offer in the senior year a one-semester seminar course for students whose departmental concentration is within that department. Initiative in programming the course within the bounds of subject matter prescribed by the department for this course would rest with the students, in consultation with the instructor. The substance of the seminar sessions would be papers and projects which the students themselves would undertake and which would be subjected to criticism by the other members of the seminar.

IMPLEMENTATION AND EVALUATION

Any plan involving curricular change must necessarily involve more than an outline of proposals. Means of implementation and evaluation must also be taken into account as plans are laid.

The problems of implementation need not appear to be insuperable. Fortunately most of the foundations interested in higher education stand ready to help institutions whose projects they consider to be worthy. Such aid can be directed toward retraining of faculty, the purchase of new materials, and the hiring of additional staff.

Finally the proposals would need to be evaluated. If all or part of the foregoing proposals were adopted, it would be necessary to discover ways and means of judging the success or failure of the program. The team has not made any suggestions as to how the evaluation should proceed. For the moment it is content to state its position and expect that appropriate professional judgments would follow.
